Dear US OIG,

Please be advised: Today, I efiled attached action to California Department of Social Services in my appeal of state action case. It serves also as further information [of] joindered incident acts for complaint(s) relevant to matter of my Internal Affairs Complaint faxed to your attention recently (04122021).

Also, last week I emailed to your National Security Director information of the initiation of this case (due to curious, sudden, technical facsimile limitations. I do not have your email address. Please reference from him, and please coordinate effectively and Constitutionally!

Lastly, I am receiving only silence unbelievably, but a conspicuous agent once more assaulted me today with more illegal harassment (as a recurring pattern of escalation, post action, betraying reactionary Misconduct which I demand CEASE -- I plan to continue corresponding with intent to Justly deter and rectify, persisting against illegal obstructions, as I am able under these harassed circumstances causing damages, concerning this!!. See posted blogs of actions at my website.
[This is resent with corrections of sabotage. I (as per past accretions) have continually been experiencing malicious intrusion and tampering while typing by hackers from remote terminals over networks with intent to fabricate incrimination. Previous was reworded and tampered to misrepresent for transfer/transmission -- a recurring, Harassing problem disrupting my life! I have attempted this one fax since yesterday evening, have been up all night, and there have been pernicious attacks of hacking interference the whole time. Be advised: these evince also that there has been rerouting/transmission tampering to sabotage and falsify my transmissions per continuous acts of record tampering/racketeering conjunct with constant/obsessive/accumulative and General electronic surveillance/espionage in Conspiracy of Lostpank Insurrectionist, Occultic-Organized Crime Enemies and which saturate multiple agencies subject to my Informations and this is Malicious Retaliation!]

Your website informs that (currently), due to (Pretextual) Covid Policy, all Hearings are to be conducted (only) by Telephone at a notified time. However, I, Jacob (James E. Horton), hereby, Demand hearing procedure (in matter upon my Hearing Request) as follows:
1. that scheduled proceeding be modified to an-exact-of-court Review of communications and evidence records to be delivered by available, practicable means (by Legal Parties only) to D.S.S., State Hearing Division without any Ex Parte meetings; 2. that AV records, in above purposes be permitted; 3. that Both Legal Parties be served notice and copies of all communications to D.S.S., State Hearings Division mentioning this case-matter (including notification of any documents said to be "Sealed" or otherwise access-limited); 4. Scheduled Review (as aforesaid) shall not be until 14 days post delivered disclosure of all Discovery for reasonable preparation. 5. that my delivery of Correspondence and Evidence for Review (both written and AV) by future date to be scheduled as deadline for disposition) will be by access from my website: www.bbaip.wordpress.com; Please access, previous to Review Deadline date, from the following Links (on its Homepage): (Scroll down to) 1. *2019 CSFI JCTF vs SACDHA, 2. *2020 CSFI JCTF vs SACDHA [these two Archives of Records are Relevant to background of Motive for actions incident to my Complaint within Hearing Request], 3. *2021 CSFI JCTF vs SACDHA, 4. AV Records at *JCTF vs SAC City et al. Playlist and *AV Evdnc JCTF vs SACDHA 10 29 2020 And 10 30 2020, and 5. Audio Phone Records at *2019 Thru 2020 Phn Rcrd JCTF vs SACDHA and *190722 Thru 190905 Audio Dscvry Rcrd JCTF vs SACDHA [Also Relevant (for judgment) as to Motive for said incident]

Also, I, hereby, formally Compel Discovery to include (to be delivered by email): 1. All investigatory documents mentioning client which are possessed DHA and/or D.S.S. in relations - 2. Record of all Comments of Representatives attached to said clients casefile; 3. Notification of any so-called sealed (or otherwise access-limited) (allegedly) documents mentioning said client also possessed by either or both said agencies.

Declaration In Support

Whereas, (as previously asserted) during a time proven to be despotically Arbitrary, Capricious Chaotically while said agency has betrayed Malicious Motive against client's (Fundamental Rights of) Life, Limb, Liberty and Property and Intent of Foul Play Conspiracy (in Retaliation to his Just Accusations), client is Reasonably unable to Trust in Lawful Fairness of Venue at its locations of controlled function-space or by Telecommunicated proceeding scheduled. [See AV Records: 210215... and 210216... at JCTF vs SAC City et al. Playlist link on Homepage at www.bbaip.wordpress.com.]

Whereas, said client has been Exigently Overburdened by Incalculably Extreme Damages caused by Procedural Harassments by Abuse of Process (as previously asserted in Complaint), via telephone, of Time-Waste, Delay and Monetary costs (of phone operation, and while indigent without income) and therefore, said client is too overburdened by joindered acts for costs of telephone interview procedure; he cannot afford any more of such costs imposed by either of said agencies.

Whereas, client is too overburdened by joindered acts of Legal Harassments (per past assertions of Conspiracy to Commit...) to currently research authorities at issue, yet certainly they do exist.

Whereas, Certainly Venue is bound to full disclosure of Discovery pursuant to Rule of Law and Legal Doctrine at issue. ¶ Whereas, Sarah Russo (by my experiences for well-reasoned inference) was extremely suspicious by her MisConduct (as recorded) as "Ombudsperson." ¶ Whereas, it has proven that Occultic-Organized-Crime Enemies (as previously asserted) have Incessantly Harassed with Plots to Commit: 1. Retaliatory, Malicious, False Prosecution by Criminal Abuse of the Justice System against This Innocent Witness, and 2. All manner of Foul Play and Racketeering in Conspiracy to Commit, against same Innocent Witness in Retaliation.

Whereas, it has proven (although government has guiltily false-denied obstinately -- yet I persist with causes upon Just conviction); ; of indeed acts of same Conspiracy include those of Collusion with Infiltration within Actually all Agencies with which client has ever dealt (and CERTAINLY by client's experience to NOT BE PREJUDICED with continued PARTIALITY IN COLLUS-ION). [And this is by Great Experience. And those of Tolo County and the DHA of incident have been the worst conspiratorial ever, and since client's ACTUAL Honourable Discharge from AFR in 2012 (when, simultaneously they forfeited their contract with client by Heinous UCMJ Violations in 2007 Anomalously; but records were tampered to conceal said Crimes and these were results AFR has refused to cooperate with rectifying in Illegal Conspiracy.

Whereas, almost two decades ago, I firstly met one Daniel Russo (of N. Canton, OH -- who appeared to be Hispanic) as a new visitor to an institution named Faith-Bible Church apparently representing as a soundly christian church. ¶ Whereas, client previously became accepted as a member of same, during institution aforesaid with sincere intentions (contemporarily approving its statement of faith amongst options for assembling in which did not mention leadership's esotericism, yet knowing that matured amongst Stark County, OH) with sincere intentions of obedience to my Lord, within the Crypto-satanically saturated region of Stark County, OH) in Reformed Relationship with the True Lord, Jesus Christ as His Disciple -- and they (the rest of its congregation) targeted, as demonstrably a True-Believing Judeo-Christian (and with such conversations in my life) in "worse and worse" and as ful and deceitfully underhanded oppressors as enemies and impostors waging client's person Ritualistically in Secret.

"false-shepherds" and "sheep turned to wolves," subsequently, by Proofs, I CERTAINLY REALIZED: church institution aforesaid, mostly by Whereas, approximately three years subsequently, by Proofs, who were not ACTUALLY of Christ (but manipulative [illegible] doctrinal confusion, said also, by rest of its body members, "MacArthurian" Heresy (which the subtlety of its sovereignty, ¶ Whereas, client, upon, [illegible] a most diabolical (Blasphemously) proved to be) of the Current Great Apostasy. ¶ Whereas, client has CERTAINLY discovered that Church of to my disappointment, proved to be) of the Current Great Apostasy. ¶ Whereas, furthermore, client has CERTAINLY discovered that Church of separated from cult aforesaid. ¶ Whereas, furthermore, client's relative, Michael Satan High Priest, Brian Warner (a local to region's secret society network), and client's relative, Michael Hectors of Schismatic Association of cult aforesaid (of the Heretical School of the Contemporary, so-called "Reformed Theology" with its Shepherd's Conference of one John MacArthur) are both amongst network of Occult-Organized Crime Enemies of a non-fictional and directly, and obsessively Connected and Involved with Cult institution aforesaid in same Protracted Conspiracy. [And I am a 50 year-old Adult, ELDER, OLD-MAN.] ¶ Whereas, shortly after first acquaintance as aforesaid: 1. Daniel Russo, as visitor (in friendship with one Branch Family that were co-members of church aforesaid as "church-family" company with, offered client a boarding room in his house. ¶ Whereas, although client had kept [illegible] to accept Russo's offer, he kept persisting; and, also, one Barb

[illegible] client to accept since "the cohabitation would be

Sarah [illegible] Association of cult aforesaid [illegible]
Hortons of Schismatic Association of cult aforesaid (of the [illegible]) were both amongst network of
"Reformed Theology" with its Shepherd's Conference of one John MacArthur) and directly, and obsessively Connected and Inbred with
Occult-Organized Crime Enemies aforementioned and Protracted Conspiracy. [And I am a 50 year-old Adult, ELDER,
cult institution aforesaid in same Protracted Conspiracy as aforesaid: 1. Daniel Russo, as visitor (in
OLD-MAN.] ¶ Whereas, shortly after first acquaintance as aforesaid as "church-family"
friendship with one Branch Family that were comembers of church aforesaid as "church-family"
client had kept company with, offered client a boarding room in his house. ¶ Whereas, although
client, for a longtime, was ambivalent to accept Russo's offer, he kept persisting; and, also, one Beth
Branch perniciously persisted to persuade client to accept since "the cohabitation would be
mutually beneficial (post Russo's recent divorce) to assist each others' split-family parenting vocations."
Whereas, after a number of months accepting Russo's offer, client, by evidences, realized: 1. Russo was
Italian-American Mafioso with his family who owned and operated a cement company as a "legitimate-
business" front; 2. Daniel Branch was a foot-soldier association fronting as a grocer while his wife
cartelled narcotics fronting as a really [illegible] newspaper deliverer; and 3. Russo's offer was
only, actually, typical Modus Operandi of Mafiosos in Criminal Conspiracy Plot of Foul Play; and 4.
Russo family is directly involved (related to) Petrina Family who are step-family of my deceased
grandfather, Brunoslaus Hydzik (Eddie Hydik's [also Culprit amongst Culprits] father (brother of
client's biological mother who is disowned by client [for Justly Biblical causes]). ¶ Whereas, said
Conspiracy has actually been conducted (and protracted) since my birth Ritualistically, by an
Occultic-Organized Crime Network (of which rest of client's family are members) and is a secreted
matter of the (ACTUALLY) Crypto-satanic Vatican of the Current, Great Apostasy (as the current
seat of satan) with its multitude of mad intents including human sacrifice (since an angel
restrained client's unqualified "birth-mother" delivered at birth). ¶ Whereas, these above,
along with Hortons of Lackland AFB, TX, actually were involved colluding in, joined in acts of same
Conspiracy aforementioned at 910th ALW, AFR during my enlistment.
Wherefore, Rule of Law Doctrine presumptively outweighs favoring Demanded Procedure as aforesaid
(while client is severely suffering anomalously exigent circumstances aforementioned). Therefore,
it is in the Interest of Justice that said procedural Demands of client's attached Letter of Demand
be practiced in this hearing matter.

Sincerely,

Jacob (James L. Horton)
